

About this item

- The Byrna is a polymer launcher that cannot be mounted using traditional gun mounts with magnets. However, with the innovative BMount patented design, you can effortlessly attach your Byrna launcher to any flat surface, whether it's horizontal or vertical
- Installing the mount is a breeze, and you can do so in various locations such as your car, truck, wall, vault, bedside, doorway, desk, table, safe, bed, and more. The versatility of the BMount design ensures that you can securely and conveniently mount your Byrna launcher wherever you need it.
- Package content: 1 BMount, 4 * 3 x 25mm mounting screws.
